

## OUR DRAFT

12oz \$4.75, 18oz \$6.50, 50oz pitcher \$18.00 after tax

### Stout

A very dark black ale, opaque, brewed using highly roasted and burnt malts to produce a rich substantial beer, with dark chocolate and coffee flavours mingled with sweet malt and full hop balance.

### Ale

A light crisp version of a classic Canadian ale styled more towards Maritime tastes with a gentle hoppiness, rich gold colour and smooth finish.

### IPA

A Southern English Ale kicked up a notch to become an India Pale Ale, brewed to survive the rigours of the passage to India with distinctive hop bitterness and a finer balance for that true English Pub experience.

### Wheat

A North American wheat beer lightly hopped with the distinctive taste of wheat and malted barley, great on a hot summer day with a slice of lemon, or a splash of blackcurrant syrup or other fruit flavoring. In winter a shot of Schnapps or other fruit liqueur adds pleasant warmth to the brew. The unfiltered version is called a Hefe Weizen, a Bavarian specialty. Try it with fresh fruit added.

### Red

This robust Brew has plenty of hop and malt flavors and the rich red colour is evidence of the caramel and crystal malts used in the brewing process. A Traditional hybrid brew given new life. Stylistically similar to a Canadian amber ale but it's heritage is in the alt and Oktoberfest beers of central Europe.
